

Instructor, Wayne Marney

Wayne Marney, CCE is nationally recognized as an expert in computer forensics with more than 9 years experience and is a past board of director of IACIS. In May, 2005 he was the defense forensic expert for US Army soldier, Sabrina Harman's Abu Ghraib prison abuse courts-martial.

Since 1996 he has completed hundreds of forensic exams involving standalone and networked computer systems using the Microsoft family of operating systems and Apple Macintosh. He has been recognized as an expert witness in state and federal courts, e.g., state courts: New York, Oregon, and Washington; US District Court, Southern District of Florida and deposition in the Oregon District. Additionally, he has also provided forensic civil litigation support in Arkansas, California, Florida, Illinois, Iowa, Oklahoma, Oregon, Washington and Texas.

He is a retired twenty-two year police veteran and was a full-time member of the Oregon State Police Computer Crimes Unit from 07/1995 through 02/2003. Since his retirement he is providing pro bono forensic computer services to the Springfield Police Department, Oregon.
